Wednesday, February 8th, Julie Gallagher sent me this email: "I had my dog, Orio, groomed yesterday and was so so happy with the service and the job you did (Christina at The Puppy Pad). I am sending everyone I know that has dogs that need to be groomed your way!! I just posted this on (my) Facebook- "I just had my little dog groomed at The Puppy Pad. They did an amazing job!! She is usually shaming and nervous when I pick her up from the groomers that are bigger and busier. This place is small and personal. When I picked her up she wasn't in a kennel waiting for me, which has been the case at other groomers I've gone to. She was super happy and running around in an area blocked off with a baby gate. I will never go anywhere else again. Oh, and I almost forgot to mention, she looks better than she ever has before!!!!"
