NEW UPDATED PRICE LIST: SCHEDULE YOUR PET FOR GROOMING AT FOUR WEEKS OR LESS TO GET \$4 OFF!! which wouldn't really be a price increase for most 😊

Please note: this is a general list of breeds and your breed may not be listed. We are an ALL BREED grooming facility and can accommodate any pet/parent. This is also a subjective price list and prices can vary according to size, condition of coat, type, length, and cut. We charge \$40 an hour for "extra" brushing, and is only done if it is humane and the dog is comfortable. If your pet is extremely large for the breed standard, there may be additional cost, or if your pet is severely matted and shaving takes extra time or is dangerous. FG means a "full grooming". A FG is a bath, brushing, anal glands upon request, nail trimming, ears plucked and cleaned, and a full haircut all over. B&B means the bath, brushing, anal glands upon request, nail trimming, ears plucked and cleaned, a sanitary trim, eyes, and feet shaped up.
